

Book Review

Many clients request ideas for books they can read on the topic of Retirement Planning and Planning for Income. Unfortunately many are quite technical or ‘boring’ to read. I’d like to introduce **‘Your Retirement Income Blueprint’** by Daryl Diamond.

ISBN: 978-1-118-08752-7

I have personally attended three educational sessions over the last two years including a day long workshop that Mr. Diamond presented at. He is a recognized leader in the financial services industry. Passionate about educating clients and advisors about how investment decisions and strategies change after the ‘accumulation phase’, Daryl works to use creative illustrations to help convey concepts that are not often expressed in this industry.

Too many investors look for solutions for their ‘income for life’ by product hunting; and worse, changing strategies as they hunt for the elusive ‘silver bullet’ solution. Daryl focuses on process. Understanding the nature of your different investment and savings pools and how to use them most effectively helps reduce the anxiety that comes with relying on your investments instead of a paycheck!
